Mr. Dan Shaffer
College Works Painting

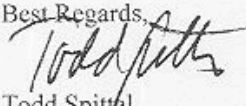

Dear Dan:

I wanted to thank you for the painting work you and your team did on our home. The work was professional and timely. It appears that the paint covered well and should hold up.

You represented College Works well and you did an excellent job preparing me for the work and selling your services.

I wish you and your crew well and would definitely consider utilizing College Works services in the future.

Best Regards,

Todd Spittal
